

County of Hawaii  
**South Kohala Community Development Plan**  
**FOCUS GROUP SIGN-UP**

An important element of the South Kohala CDP process is the formation of four (4) "Focus Groups" that will address four "component plans" in detail: Waimea Town Plan, Waikoloa Village Plan, Kawaihae Plan, and Puako Plan. The South Kohala CDP Steering Committee and the County Planning Department will work together and review applications, to identify and recruit community members that have interest, knowledge and/or expertise in each of these four component plan areas. The four Focus Groups will meet several times over the next 4 to 5 months: the purpose of these meetings will be to (1) discuss and delineate the priority issues for each of the component plans, and (2) discuss and prioritize strategies and potential actions that will address each of the priority issues.
