Lalamilo Farm Lot Owners

Dear Pete:

As you know I am concerned about the letter that you and Mayor Kim intend to write to the Lalamilo Farm lot owners backing their opposition to the urgently needed Connector Road – both the County's section and the section that Parker Ranch is obligated to complete (though the Ranch seems to be trying to worm out of this unless and until it can use County funds).

We need leadership from you and Mayor Kim to do everything you can to get both portions of this connector road completed ASAP. Do not underestimate the value of the County's section of this road from Kawaihae Road to Mamalohoa Highway. Instead of leadership, the course you are taking seems to be to placate the farmer constituency, rather than do what is in the best interest of the community at large.

Sincerely,  
  
Margaret Wille
